

Swim Lessons: Daily swim lessons are taught by RBAC's swim instructors, who will evaluate campers swimming abilities on their first day of camp. From there campers will be divided into their swim color groups (see below). Campers will be able to move up in swim color throughout the summer, the swim instructors will let the campers head counselor know when they are ready. Our campers who are still in the beginner level will wear an extra wristband; to let not only the counselors but the lifeguards as well to keep an extra eye on them in the water and how far they could swim out to.
